

CLASSROOM SAFETY AUDIT ASSIGNMENT

Once a month, a group of you will be assigned to perform a safety audit of the technological education shop/lab. To accomplish this task, the group must first design a safety checklist that will be used for the inspection. The checklist must include the headings of:

First aid kit content status

Status of safety equipment

Status of fire protection equipment

Status of cleaning supplies and equipment

Status of storage areas

Status of machines and tools

Status of housekeeping

Safety standard criteria for each of the above will be provided.

Prepare a checklist for a safety audit of the shop.

When you have approval for your checklist, perform the initial audit and report back to your teacher.
