

## GENERAL SAFETY QUIZ

**Name:** \_\_\_\_\_

**Date:** \_\_\_\_\_

1	If you are uncertain about something in the shop, it is okay to ask a peer.	T F
2	All injuries must be reported to the teacher immediately.	T F
3	Carrying a tool in your pocket is okay as long as you don't remove it from the class.	T F
4	It is okay to talk to a person while they are using a piece of equipment, as long as you do not distract them.	T F
5	It is okay to use a flat screwdriver to scrape some old paint off of a piece of wood.	T F
6	The first aid kit can be stored in the school main office so no one steals the contents.	T F
7	It is not a good idea to rest periodically during strenuous jobs such as digging, lifting or sawing: work-rest schedules vary according to temperature conditions, how strenuous the work is, and how acclimatized ("used to") the worker is to the workload.	T F
8	Once you've received your equipment certification you may use the equipment any time without permission	T F
9	Minor injuries need not be reported.	T F
10	If a machine does not work, report it to the instructor.	T F
11	At all times, if you are in doubt of how to use equipment, ask someone who is certified to use the equipment.	T F
12	Be aware of expected weather conditions for the day, and plan accordingly.	T F
13	CSA certified safety boots are not necessary when planting small shrubs.	T F
14	In a school outdoor environment, there is little risk of stinging insects since most of the grounds are dry.	T F
15	Brightly coloured, patterned, or black clothing are best when working in areas that potentially have stinging insects.	T F
16	Some power tools have guards that can obstruct work. It is okay to remove the guard as long as you are certified in using that tool.	T F
17	Inspect your tools daily - make sure that tools are in good repair.	T F
18	Only those students assigned to clean up duties should worry about keeping work spaces clean and organized.	T F
19	Direct saw blades, knives, etc. away from walk-ways and from students working nearby.	T F
20	Leaving rakes on the ground with the tines pointing up is acceptable as long you keep an eye on it.	T F
